Supervisor of Extramural Class Instruction
Central Extension Office
The Pennsylvania State College

Much of my work at the present time is in connection with the College's Engineering, Science, and Management War Training Program. To date we have trained over 55,000 men and women for work in war industry. The College has War Training Centers throughout the state. We have had centers in 177 different communities and are now conducting training classes in at least 100 centers right along.

Dear Norm -
Just got here a week ago awaiting assignment as engineering officer on a subchaser - have been in training for the past 7 mos. prior to this duty. Am in the Caribbean area - nice spot really.
Have always thought that house would make a wonderful field hospital - with all

that steel in it, a good bombing wouldn't even
phase it — however, hope that you'll be
able to put it to good use — despite the fact
I think we've got enough men to finish off the
job —

Best regards to you, Abe and Cass as well
as all the Ox Clubbers —

Fraternally,

Del Korr

P.S. Next time you see Lindy Halpern and/or Chuck

Dear Horn;

I feel guilty in not having kept more in touch with you since my "initiation". Right now, like all the rest, I'm busy six days a week on War work - and there's only a little let upon the seventh, since I early fell into that bad habit

of being "a good Church member" and got myself
elected to the Vestry, and so have further responsibility
there. Imagine me, a Senior Warden!

I'm still with Thwing-Albert Instrument Co.
Up a few notches, maybe, but still wondering what
will happen when it's all over.

My son is in the Army Air Force - teaching
flyers at Greenwood, Miss. He's been a "Second
Looney" almost nine months now, but hopes
for a promotion some day. He didn't want to
teach, but they gave him no choice.

I can't say that his mother and I are too sad
about his teaching - and his grandmother!
- well Fred still insists she prayed him into it.
She's a very effective pray-er!

⁶²² One of Fred's pals married a Miss Doherty
on Glen Echo Road, maybe a neighbor of yours.
Her name is now Mrs. Marple. She's quite a
nice looking blonde.

Let me know when there's another get together
and I'll try to be there

Mr. Norman C. Horner
Theta Chi of Penn State
523 Glen Echo Road
Philadelphia, Pa.

Dear Norm,

The Resolution is enclosed. I think it is a good proposition and hope that it will enable us to carry on for the duration.

I have been wanting to write you for a long time and I'm sorry that I had to wait to be asked for a letter.

Here's my recent history in a nut-shell:

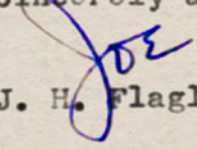

Married six months to-day and living here in Boyertown where June and I have an apartment. (We wish that you could run up for dinner, but I guess you don't have anymore gas than I do.)

Finished second year at the Phila. Division of the Bendix Aviation Corporation in December, where I am now a Junior Time Study Engineer.

May be in the Army any day now - who knows when? Practically all the boys who were at the house at State with me have been long gone. I don't see much about Omega in the Rattle anymore so I think that I better get on the job myself for a change.

My very best regards to the family, Norm. Hope that it won't be too long until we can have a good homecoming.

Sincerely and fraternally,

J. H. Flagler, Jr.

UNITED STATES

Ensign P.S. Handwerk
Crew 4120
Amphibious Post Office
N.O.B.; Norfolk, Vir.
13 Feb., 1943

Dear Brothers:

At present I am on an L.S.T. ship in the Navy's Amphibious forces. It is our job to land troops, equipment, and supplies on the shore. That's about all I can say about my present job without running into trouble with the censors.

I reported to Notre Dame University on August 30, for one month of indoctrination school. From there I was sent to Northwestern University Midshipman School in Chicago. I graduated from that school on Dec. 24, with my commission as an Ensign. Since January 4, I have been in active service with the Amphibian forces.

Fraternally,

Paul S. Handwerk
Omega '42
